Making Evidence Actionable

# Lippincott ADVISOR

## *The Right Answers. Right Now.*

Learn how *Lippincott Advisor* can help you and your nurses achieve clinical excellence.

The only clinician-based resource designed for the online point-of-care environment that can provide the most current evidence-based information needed to practice with confidence and achieve clinical excellence!

*Lippincott Advisor* helps your nurses in two powerful ways. It provides at-the-bedside support by expertly covering diseases, drugs, diagnostic tests, and patient teaching. And it provides clinical practice support by offering best-practice guidelines for topical issues such as Core Measures & Nursing Care Plans, a full library of reference texts, and links to research and education resources.

This cutting-edge software helps organizations create an exemplary professional practice culture that promotes enhanced care coordination and continuity of care, supporting your journey to meet the latest 2014 Magnet Recognition Program® standards.

### **MAKING EVIDENCE ACTIONABLE**

Improve standardization, quality of care, empirical patient outcomes and nurse autonomy with instantaneous 24/7 access to actionable evidence-based practice information that has been synthesized for easy and immediate use.

*Lippincott Advisor* delivers the clinical expertise required by clinicians at the point-of-care, using a synoptic search capability that brings you the exact information you need immediately. All entries are extensively supported by evidence-based references and the ability to link to additional information.

### **PROVIDES YOUR NURSES WITH:**

- Easy access to individual nursing-specific entries
- Evidence-based, best practices information
- The correct answers delivered immediately for only what the nurse needs to know at that moment

### **3,500+ ORIGINAL ENTRIES INCLUDE:**

- Diseases and Conditions
- Signs and Symptoms
- Diagnostic Tests
- Treatments
- Core Measures
- Drugs
- Hospital-Acquired Conditions
- Procedures (when licensed with *Lippincott Procedures*)
