# Lippincott PROCEDURES

## Supporting Your Journey to Achieve Clinical Excellence Always Current. Always Evidence Based.

*Lippincott Procedures* delivers online access to evidence-based best practices, empowering clinicians to standardize care, achieve clinical excellence, and improve empirical outcomes.

This cutting-edge software helps organizations create an exemplary professional practice culture that promotes enhanced care coordination and continuity of care, supporting your journey to meet the latest 2014 Magnet Recognition Program® standards.

### ADVANCING CLINICAL EXCELLENCE

Designed by nurses for nurses, *Lippincott Procedures* is a web-based step-by-step guide to close to 1,600 procedures and skills from a wide variety of settings and specialties, including medical-surgical, critical care, obstetric, pediatric, neonatal intensive care, pediatric intensive care, perioperative, oncology, behavioral health, long-term care, and more. The product provides:

- Detailed step-by-step instructions using the latest evidence-based practices
- Superb visual guidance with hundreds of video clips and full-color images
- Skills checklists and competency tests designed for training and competency assessment
- Easy browse-and-search functionality to quickly find the procedure you need
- Regular updates with the latest clinical evidence

### STANDARDIZING PATIENT CARE

Our solution easily shares procedure information across your entire organization, enabling your nurses to perform critical techniques consistently, resulting in high-quality, standardized patient care. Consulting the same reference also helps clinicians increase efficiency, foster greater patient safety, enhance the quality of care coordination, and improve interprofessional collaborative practice.

Includes **FREE MOBILE ACCESS** for your facility!

“Patient falls initially decreased by 50% when using *Lippincott Procedures* as our foundation for implementing our patient fall policy.”

- Director of Professional Practice, Multi-Entity Health System with Multiple MAGNET-designated facilities

## RAISING THE STANDARD

See how *Lippincott Procedures* can help you and your nurses achieve clinical excellence.
